

OPENING SEPTEMBER 3rd!

ABA Therapy Center in Plano, TX

PROGRAM OVERVIEW

Life Skills Autism Academy is a specialized center-based treatment program designed to help children have the best developmental experience possible and acquire the skills and abilities to thrive and succeed at home, school and in the real world.

With a required commitment of at least 35 hours of therapy per week, the program supports the "whole child" with highly individualized, focused and child-centered goals.

WHY IT WORKS

Studies have shown that early intensive intervention and therapy in childhood can help children with ASD enter school without special education services.

Additional benefits include:

- Consistent and controlled center-based environment
- Snacks/meals are provided
- Diapers are provided

GRAND OPENING CELEBRATION

TUESDAY, AUGUST 27th at 10am
